

Healthcare Experience that Matters

Get the flexibility you need to tailor financial statements and reports to get an in-depth look at your overall performance. Prophix helps healthcare organizations run more smoothly by automating financial processes across planning, budgeting and reporting. We make it easy to quickly produce personnel plans and performance analyses. Free up more time to look for ways to improve clinical programs and to service your clients and patients better.

“We use our solution from Prophix to avoid conventional budget processes, to generate an accurate rolling forecast, and to track the operational benchmarks that correlate with our funding requirements. The software has become invaluable to us.”
