

Prophix for Construction

Build up profits while reducing risk

Prophix's financial performance platform enables contractors to take control of their margins through a suite of job cost solutions, designed to improve analysis and forecast accuracy. Our tools enhance your ability to forecast your cost cash flows over the life of your project, reducing margin fade and increasing bottom-line profits.

Solutions built for construction

- Financial reporting and analysis
- P&L, balance sheet, and cash flow planning
- Workflow for collaborative budgeting & forecasting
- Self-service job cost and WIP reporting
- Personnel and labor reporting/planning
- CapEx and equipment reporting/planning

Why Prophix

Established in 1987

3000+ customers, 100+ countries

Made by finance for finance

Unified platform

Deployed in the cloud

“

We've had a great experience using Prophix's platform as the fundamental data warehouse to generate P&Ls for our 40+ global locations. With our Prophix solution, we analyze the effect of our project spending, assess customer profitability, and conduct all of our financial consolidation.”

Tom Schmitt
Convergent Technologies

Prophix empowers construction companies with:

Job cost analytics

Analyze your jobs by phase and cost types using ad-hoc analysis

Job cost forecasting

Accurately forecast job costs and revenues with predictive analytics

Working capital management

Lower days sales outstanding with insights into receivables

Collaborative budgets

Foster collaboration with budgeting workflows

One source of the truth

Seamless integration with ERPs, CRMs, and project management systems

Our customers

“Prophix gives you a great ability to use your current financial data and forecast future revenues and expenses. This, by itself, is a great selling point alone. The additional level of data analysis ability pushes it over the edge. If the data is in your ERP and you want to know something about it, Prophix gives you a way to get the answer.”

Andrew Commons
Gaylor Electric, Inc.

About Prophix

Your business is evolving. And the way you plan your business activities and report on them should evolve too. To empower mid-market companies to achieve their goals, Prophix provides an integrated, cloud-based platform to the Office of Finance; one that delivers planning, budgeting, reporting, forecasting and consolidation solutions. With Prophix, finance leaders improve profitability and minimize risk and puts the focus back on what matters most – uncovering business opportunities. Prophix supports your future with AI innovations that adapts to meet your strategic realities, today and tomorrow. Over 2,500 active customers around the globe rely on Prophix to transform the way they work.
