

# Let go of the 80s RETRO

The 80s gave us some true classics like the **Floppy disc** and **Microsoft Excel** but things have moved on.

Take your budgeting, forecasting and business planning to the next level with Prophix.

## Meet Prophix and Sage

Cutting-edge Prophix Corporate Performance Management software and fast, flexible Sage have come together to transform finance. Enabling you to be your most strategic, reduce risk, and take your business to the next level. No spreadsheet required.

Prophix and Sage integrate seamlessly, delivering next-generation agility and insights. Becoming your business brain, Prophix takes Sage ERPs data and entirely automates budgeting, forecasting and reporting. With speed and pinpoint accuracy.

Prophix integrates with all Sage ERPs and other source systems to give you one single data truth

## 5 finance processes that Prophix can do for you

**1 BUDGETING AND PLANNING:** Budget faster and with greater accuracy. Create a bright future by seeing the big picture or go granular with ease across multiple departments or regions.

**2 REPORTING AND ANALYSIS:** Make your data work for you not the other way around with actionable insights. Reduce risk, save massive amounts of time and uncover business opportunities.

**3 CONSOLIDATION AND CLOSE:** Automate and speed up your most time consuming finance processes. Achieve total auditability with a robust and compliant solution.

**4 WORKFLOW AND AUTOMATION:** Put valuable time back into your calendar with automated workflows. Reduce risk and always be audit-ready with software you can trust.

**5 VIRTUAL FINANCIAL ASSISTANT:** Leverage the power of Artificial Intelligence to provide meaningful insights, detect anomalies and automate report distribution by using only your voice.

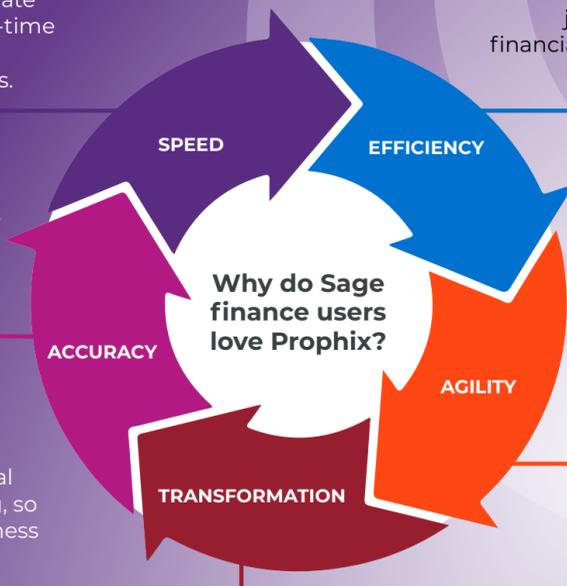

The right data at your fingertips, when you need it. Generate instant reports with real-time data, and slash annual budgeting process hours.

Prophix takes care of manual jobs, so you can streamline financial processes and add value where it really matters.

Automate financial tasks using data directly from Sage. Have peace of mind that data is precise and complete.

Prophix becomes your business brain, enabling Sage to manage financial budgeting and planning, so you spend time on business decisions, not tasks.

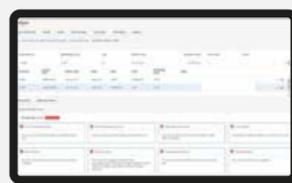

Be ready for change and step up with confidence. A single source of truth with advanced planning and forecasting enables faster, more strategic decisions.

## Customer-favourite features

**AUTOMATED REPORT DISTRIBUTION:** Schedule reports to be compiled and Prophix distributes them for you.

**ANOMALY DETECTION:** Detects unusual transactions and organises by risk rating.

**ROLLING FORECASTS:** Reflects even the slightest changes in your business or market.

**SELF-SERVICE DASHBOARD:** Focus on the data that impacts you the most.

**SCENARIO PLANNING:** Quickly model for sudden market or economic shifts.

All of this, with zero spreadsheet dependency!

# So, are you ready to let go of the 80s RETRO

Take your budgeting, forecasting and business planning to the next level with Prophix.
